Pot-a-Doodle Do
Wigwam Village

Pot-a-doodle Do wigwam village offers a very unique wedding experience as your extra special wedding venue.

At Pot-a-Doodle Do you have a blank canvas and can use your imagination to transform the venue into a wedding experience which suits your needs and dreams.

With 30 wooden wigwams for accommodation (3 superior deluxe, 1 deluxe, 2 standard ensembles and 24 standards) all your guests can be welcomed onto site for your wedding weekend with our very affordable accommodation prices. You can be yourselves amongst family and friends and relax to ensure you enjoy your special day.

The beauty of the package is that unlike the hire of a hotel, our wigwam site will be available for your exclusive use. This means you can do your own thing and have the freedom to make your wedding dream a reality.

Although we are not wedding planners, we will do our very best to make your day extra special. We are able to recommend excellent local suppliers for everything you might need. We recommend local businesses we know personally from previous good experience.

Pot-a-Doodle Do is a DIY venue which means you and your friends can make the venue suit your need. We recommend you organise a team of family and friends to do the things they are good at, as "many hands make light work." Of course this DIY venue comes with a DIY price, further details of which can be obtained from the Booking Office. In addition to this is the cost of the accommodation hire (priced per adult/per child). Exclusive use requires all the accommodation on site to be taken but also gives you the freedom to use the venue as you like!

For the Happy couple their wigwam will be decorated with fairy lights and bunting, complimentary champagne and chocolates, full duvet set and towels. This is Pot a Doodle Dos very own honeymoon suite.

For your guests we are easily within reach of Newcastle and Edinburgh airports, we have main road links and there is a major train station just 2.5 miles from the site – this makes our site very accessible for guests travelling from far and wide!

We have an onsite licensed restaurant which guests can use whilst staying with us serving breakfasts, coffees and scones, light lunches and afternoon teas.

Some happy newly-weds...

"Thank you so much for your help to make our wedding so amazing! We had a fantastic day! Everyone remarked on what a perfect place it was for a wedding, and we particularly loved our love-nest wigwam."

- Ian and Emily Stephenson and Jeannie the dog

"Pot-a-doodle Do provided great value accomodation for everyone over our wedding weekend and really made the whole experience and atmosphere pretty special. Many guests who aren't "usually into camping" were delighted by how cosy and comfortable the yurts and wigwams are. We are indebted to Christine and her lovely staff for helping to make it such a success."

- Hannah and Alwyn Chick
